## July Craft Materials List

Hello! Here is a list of the projects we'll be doing this July in our Animal Adventure and Elementary Zoom programs. We tried to make this list as complete and accurate and inexpensive as possible.

We have one **CRAFT DAY** scheduled for each week. However, we also have a **MASHUP DAY** which might include a bonus craft, recipe, or special guest. If you don't see a mashup day listed, it means we'll be doing something on that day that doesn't require materials.

### We Try to Make Everything as Cheap as Possible!

We realize that many parents are on a tight budget. We work very hard to keep the material costs low. Many of the activities use recycled materials and/or things around the house. The other materials are general craft supplies that can be purchased at the dollar store. Here is a

general list of materials used in our projects. It's followed by a week by week breakdown of the crafts and materials.

### **Household materials needed for July crafts:**

Scissors, Gluestick or Scotch Tape, Permanent markers (like Sharpies, various colors), Craft Glue, Masking Tape, Washable markers (or Paint & Paint Brush), Additional index cards to make more frogs (optional), Googly eyes and/or Decorations (optional)

### **Grocery materials needed for July 15th snack craft in Week 6:**

dry oatmeal (instant or regular), 1/2 cup peanut butter or another nut butter, 1/3 cup of honey, 1 teaspoon of vanilla extract, optional mixins (M&Ms, chocolate chips, shredded sweetened coconut, raisins, pretzel stick or shapes, banana slices, etc.)

### **Grocery materials needed for July 22nd snack craft in Week 7:**

1/2 of a banana, 1/2 cup of vanilla yogurt (or any flavor you like!), edible decorations: crushed nuts, small chocolate chips, crushed cereal, shredded coconut, etc
